

## **Infant-Kindergarten**

*(1) Before the First Day of Kindergarten: Learning in the Early Years –  
50 mins. 1x*

Education starts before your child walks into the classroom. Parents are their child's first teacher! The workshop will provide parents with strategies to enhance their child's development and learning prior to entering kindergarten.

## **General (K-12)**

*(2) Building Strong Parent-Teacher Relationships: A Foundation for Success –  
50 mins. 2x*

A child's academic success is greatly enhanced when teachers and parents are partners in the learning process. Learn ways to become involved in the decision-making process, overcome obstacles in communication, and maintain positive and effective relationships with teachers.

*(3) Acronyms 101: Understanding the Educational Alphabet  
50 mins. 2x*

EC? IEP? IST? Language in the educational environment is ever-changing. This workshop is designed to help parents decode current educational acronyms and provide strategies on how to work with school personnel to select the appropriate educational services for students.

*(3) Finding the Right Mix: Learning Styles 4 Your Learner  
50 mins. 2x*

Auditory, visual, tactile? Which way does your child prefer to learn or process information? What strategies can you utilize to enhance your child's learning potential? This workshop will help parents understand how to assess their child's learning style and consider the learning environments associated with the various styles.

## **Grade Specific (K-5)**

*(4) Setting Up for Success: The "Toolbox"  
1hr 2x*

The process of educating your child is not limited to the hours your child is in school. Learning should continue in the home. Learn the strategies and techniques that will extend learning beyond the classroom and create the tools to maximize success.

## **Grade Specific (6-12)**

### *(1) The Starting Line: Choosing a Career Path*

*1 hr 1x*

It's never too early to help your child make good career choices. Young people need guidance in order to explore career possibilities and make important career decisions. Help your child identify careers that match their talents, interests, and personality.

## **K-12**

### *(2) New Horizons: Common Core and Standardized Tests*

*50 mins 2x*

A new curriculum brings new measures for academic success at each grade level. The Common Core curriculum emphasizes increased rigor and the importance of being college and career ready upon graduation from high school. These workshops will provide snapshots of the expectations of the new curriculum and examine its effect on standardized assessment at every level.

### *(5) College Bound: K-12 Preparation for Higher Education*

*1.5 hrs 1x*

Preparation for life beyond high school graduation starts long before senior year. This workshop will guide parents in preparing their child for the road to college. A panel comprised of college recruiters, college admissions and financial aid counselors, high school advisors and current college students will come together to help you navigate the college entrance process.
